SUBJECT: Informations of the Austrian Branch of  
G-Organization

Time : End of May 1951  
Received: May 30, 1951  
OO 2

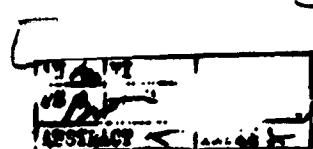

1. The following report is based on a conversation between  
OO 2 and Mr. Wilhelm Müller.

2. Dr. Wilhelm Müller has been informed by Herr Müller, member of the OFFIZIER group, that such group is presently being dissolved. OFFIZIER told EAST that he would get a position with some business firm (he mentioned no further details). Prof. Dr. Kurt HELL, former SS officer (Standartenführer) with SS and director of Vienna World Trade University, had to leave OFFIZIER's house at 100000, because OFFIZIER wants to use it himself.

3. By other sources not mentioned in detail HÜTEL was informed that the G-Organization branch at SALZBURG, Gartnerhaus, will be dissolved in the near future. Herr Müller-HÜTEL would get a position with G-Organization in Germany.

4. At an occasional meeting on the street, August Müller informed HÜTEL that his present activity had not been changed, and that he calculates from that that the HÜTEL group will be controlled directly by the German G-Organization center.

5. HÜTEL was probably informed by (you) Müller, (see report P/03006, dated May 30, 1951, G) that the G-Organization had to hand over all far-reaching operations to CIA, whereas the police-like local investigations had to be left completely to CIA especially in Austria.
